iSkyCorp
Digital Business Revolutionized

Company Overview

Established in 2019, iSkyCorp is a purpose-driven organisation committed to developing people, strengthening communities and creating sustainable opportunities through education, skills development and workplace-based learning. Since its establishment, the company has built trusted relationships with private-sector partners and successfully delivered funded development initiatives. Its next phase of growth will focus on expanding its accredited training capabilities, strengthening its network of training and workplace partners, and accessing SETA, CSI, government and other institutional funding opportunities.

The client requirement

A practical operating model that links accreditation, delivery capacity, workplaces and new funding opportunities

01

Accredited capability

Accredit the organisation while building a credible, compliant training function.

02

Flexible delivery

Use approved external providers and facilitators while internal capability develops.

03

Workplace access

Coordinate in-house with Black Widow & Partners/Clients for workplace exposure for learners who need placements.

04

Funding growth

Develop proposals and relationships beyond existing private-sector funding.

05

Managed onboarding

Create repeatable onboarding, learner administration and programme governance.

Integrated service scope

The revised offer separates ongoing management services from accreditation, content and professional-body costs

Accreditation

QCTO and professional-body guidance, submission support, QMS and site-visit readiness

Accreditation pathway

Workplace Strategies

Workplace sourcing, matching, contracting support, learner tracking and rotation reporting

Managed monthly service

Funding development

Proposal writing, opportunity mapping and engagement with SETAs, CSI programmes and public funders

Managed monthly service

Training delivery

Provider and facilitator onboarding, outsourced delivery coordination and quality monitoring

Variable delivery costs

One governance framework connects compliance, learner administration, delivery partners, workplaces and funders.

Accreditation and readiness scope

Accreditation support remains available as a defined project alongside the monthly managed services

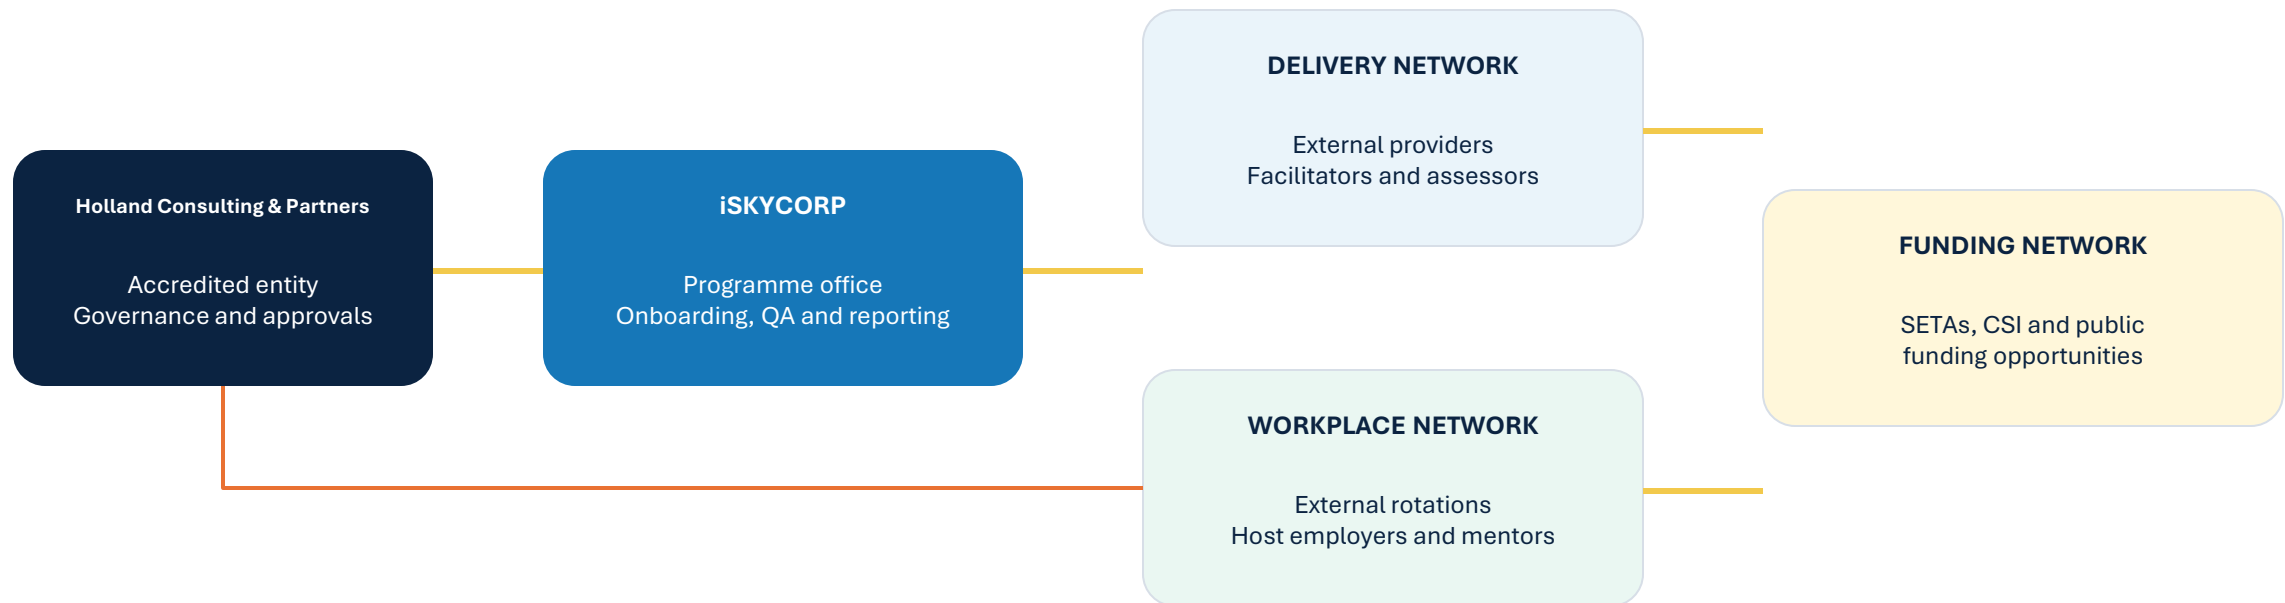

- Learner and facilitator guides
- Formative and summative assessment instruments
- Assessment and moderator guides
- Curriculum strategy and alignment matrices
- Learner induction and portfolio-of-evidence guides
- QMS, education business plan and site-visit preparation

Proposed QCTO submissions

- Institute of Chartered IT Professionals – In-house Tech programmes
- MICT SETA - Tech programmes

Programme operating model

The client owns the accredited entity while iSkyCorp coordinates the network and quality framework

Training delivery remains scalable: accredited providers and suitable facilitators are contracted against each funded programme.

Funding and proposal development

The R10,000 monthly fee supports a disciplined pipeline beyond the client's existing private funding

- Opportunity mapping across SETAs and relevant government programmes
- CSI and corporate social investment proposal development
- Funding concept notes, full proposals and supporting schedules
- Meetings with stakeholders and alignment of the organisation's value proposition
- Submission calendar, action register and follow-up tracking

Monthly outputs

Funding pipeline
Priority opportunities
Proposals in development
Meetings and actions
Submission status

Important commercial note

The service covers research, positioning, proposal preparation and engagement. Funding decisions remain with the relevant funder and no award can be guaranteed.

Monthly managed services

A clear recurring fee covers external rotations and funding development

Funding and proposal development

R12,000

per month

- Proposal writing for SETAs and public funders
- CSI opportunity development
- Funder meetings and stakeholder engagement
- Funding pipeline and submission tracking

ICITP company accreditation (Professional Body fee, paid directly to ICITP)	R6,900 per annum	Professional-body fee

Certification, moderation, assessment, platform licences and other third-party costs are confirmed per programme before delivery.

Outsourced training delivery

The organisation builds accreditation and programme ownership while delivery capacity scales through approved partners

01

Programme approved

Confirm curriculum, outcomes, learner profile and delivery schedule.

02

Provider selected

Appoint an accredited provider with the required scope and capacity.

03

Team onboarded

Verify facilitators, assessors, moderators and delivery documentation.

04

Delivery monitored

Track attendance, learner support, assessments, PoEs and quality issues.

05

Close-out completed

Moderate results, compile reports and support certification.

End-to-end workflow

Each opportunity follows the same governance path from qualification to close-out

Decision gates confirm funding, scope, compliance readiness and delivery capacity before commitments are made.

Governance and measures of success

Monthly reporting connects activity to programme quality, learner progress and funding outcomes

Accreditation

Submission readiness, actions outstanding, approval status and renewal dates

Funding pipeline

Qualified opportunities, proposals submitted, meetings held and next actions

Learner administration

Onboarding status, attendance, assessments, PoEs and certification progress

External rotations

Host capacity, learners placed, attendance, evidence and exceptions

Delivery quality

Facilitator performance, moderation findings, learner feedback and corrective actions

Impact

Completion, competence, workplace application and employment or enterprise outcomes

Proposed next steps

Final commercial terms can be confirmed once learner volumes, programme priorities and the client name are inserted

- Confirm Holland Consulting's priority Programmes and accreditation pathway
- Confirm anticipated learner volumes and external rotation locations
- Agree the monthly scope, reporting cadence and service start date
- Approve the implementation plan and contract schedule
